

Greens Rollers

Quality of Workmanship, Innovative Design, Built to Last!

1 - Gas or Electric!

Salsco Greens Rollers, Gas or Electric, are the #1 Preferred Rollers, Worldwide, since 1992!

- "I have used this machine at previous courses. Best on the market." Morris Country Club, Morris, IL
- "We have had a Salsco roller for over 10 years & it has been very reliable and durable and has worked out great for us. The new one is everything we expected it to be." Trenton Country Club, W. Trenton, NJ

- "The Roller works well and is easy to operate." Athlungstad Golf Course, Ottestad, Norway

- The Roller performs as expected. We think you have a great product line & excellent customer service." Devils Ridge Golf Club, Holly Springs, NC

Salsco has the best warranty in the industry. 5 years!

**GAS GREENS ROLLER
MODEL HP11**

Oscillating roll design allows Salsco Greens Rollers to smooth the surface without changing undulations designed into the greens.

**GAS GREENS ROLLER
MODEL HP5.5**

Automotive type steering is very easy to operate. New operators find it very easy to learn. Vibration is kept to a minimum with the use of rubber grommets and using the proper size engine.

ROLL-N-GO

The Roll-N-Go is the same great roller we've had for over 20 years, with tires!

Best engine selection. The engines are sized to the demands for the product, no wasted HP. This limits our green foot print.

**ELECTRIC GREENS ROLLER, QC
MODEL 09074**

**GAS GREENS ROLLER
MODELS 09065 & 09067**

REV. 3/2013

Roll-N-Go
Model 09101, 13HP Honda

- Articulating Steering • Forward/Reverse Seat Slide
- Automotive Type Steering Wheel • High Back Seat
- Tilt Steering Wheel • Transport Trailer

Introducing in 2013, the Roll-N-Go is the same great roller we've had for over 20 years with tires. Drive from green to green, or field to field. Simply raise the wheels to roll.

“We already have two and we're buying two more! The Roller is excellent. We like the Electric Start & Lights.” Quail Creek Country Club, Naples, FL

Gas Greens Rollers
Models 09065 (13HP Honda)
09067 (8HP Honda)

Gas Greens Roller-HP11
13HP Honda, Electric Start

We've introduced the Inner Spike/Air Kit for the HP4 & HP11. The Light Kit and Brush Kit have also been updated to mount to the HP4 & HP11.

Direction of rolling can be changed as often as needed since Salsco Rollers are easy to load and unload from anywhere around the green. A Full Traction Mat and Loading Guides, are standard, along with the dual Lock & Latch on the Tailgate. The Greens Roller Trailer has many other uses around the golf course as well. Two Greens Mowers will easily fit inside the trailer.

Gas Greens Roller-HP5.5
13HP Honda, Electric Start

“The Salsco HP5.5 Roller is very stable, very comfortable to operate, very easy to learn, able to roll any incline or undulation, no marking and very fast when needed.” Eric Frazier, Willow oaks, Richmond VA

Electric Greens Roller Model 09074 - QC (Quick Charge)

The QC Electric Greens Roller with Tilt Steering Wheel, High Back Seat, Spike Air Roll and Tournament Roll installed. This unit also features a Removable Battery Pack! When batteries need to be re-charged, the Battery Tray Cart easily rolls into place under the tray. Un-latch the tray and lock it into place on the cart, to transport the discharged battery pack to the Battery Tray Holder. Plug in the charger to the Battery Tray and use the Battery Tray Cart to transport the charged Battery Pack to replace the removed Battery Pack in the QC.

The Green - Greens Roller NO OIL - NO HEAT - NO NOISE - NO POLLUTION

“We like how fast the Electric Roller works.” *Evanston Golf Club, Wheeling, IL*

Accessories for the Model 09074, Electric Greens Roller QC, with Removable Battery Pack.

The Battery Tray, complete with Batteries and Watering system, locks in place in the battery compartment under the seat of the QC.

Light Kit, Brush Kit, Tournament Roll Kit, Spike Air Kit, Arm-Rest Seat Upgrade	Light Kit, Brush Kit, Inner Spike Air Kit, Arm-Rest Seat Upgrade	Light Kit, Inner Spike Air Kit, Arm-Rest Seat Upgrade	Light Kit, Brush Kit, Tournament Roll Kit, Spike Air Kit, Arm-Rest Seat Upgrade

Options:

Tournament Roll Kit (09065&09067, & EGR, QC)

Dual Spike Air Kit (09065&09067, & EGR, QC)

Inner Spike Air Kit (HP5.5, HP11, Roll-N-Go)

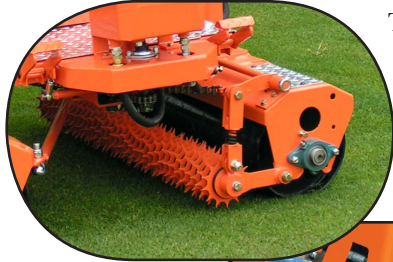

Brush Kit (All Models)

Arm Rest Seat (All Models) Std. on the Roll-N-Go

Light Kit (All Gas Rollers)

Cushioned Arm Rest Seat provides more support and comfort when rolling.

The Inner Spike-Air Kit is only available for the HP4 and HP11.

The Tournament Roll kit consists of 2 smaller diameter rolls and allows for a double roll in one pass. This will give increased ball speed in 1/2 the time.

The optional Spike-Air Kit when used on the green will gently spike the green to allow water & oxygen penetration through the crust to the roots of the plant.

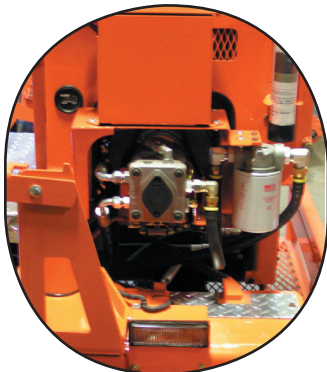

“It’s perfect! The Salsco Roller performs as expected.”
Black Sheep Golf Club, Sugar Grove, IL

The optional Brush Kit helps to push in the sand into the green after aeration or over seeding. The Brush Kit used when rolling clay courts, reduces the amount of time before play can begin.

“We saw huge results on the greens at another golf course in Colorado and were very impressed with the instant results. It is a very well made machine.”
4-Mile Ranch, Florence, CO

The optional Light Kit for the Gas Rollers, allows rolling in the early morning, hours before tournament play.

“Top Roller on the market, by far. We like the Spike-Air Option as well. Would definitely purchase from Salsco again!”
Penobscot Valley Country Club, Orono, ME

All Options are available both retro-fit (to most older units) and factory installed on new units.
